

SYM-PAC & Mitre 10:

Promotional Shelf Labels

Make your store merchandising look amazing!

- NEW feature built by SYM-PAC into our system allows stores to only print the Mitre 10 promotional labels that they need — on special pre-printed Mitre 10 Promotional Label templates.
- Only print the labels you need for the actual products you are stocking from the Mitre 10 Promotion! Print labels in Bin Location order with the Bin Location on the label, so that staff know where to put it!

Simple to use!

- Designed to be as simple as possible, this feature uses SYM-PAC's standard print queue functionality so that labels can be printed in Bin Location or Department order.
- This makes it easy for store staff to place them correctly with the right promotional products!

Variety of formats available

- A variety of label formats are available, as shown here, allowing stores flexibility with their display of promotional products to suit their own strategies for targeting their customers.

Pricing choice & control

- You have two options for setting up your Locked Down Low Pricing:
 - Use the default price set by Mitre 10, or
 - Calculate the new price based on the cost price differential being applied to your current sell price.
