SYM-PAC : Solutions to get on with business

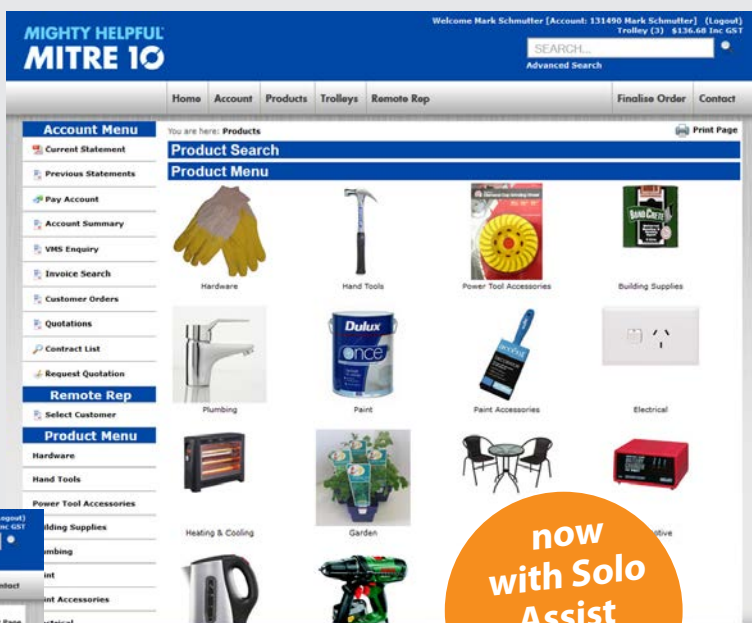

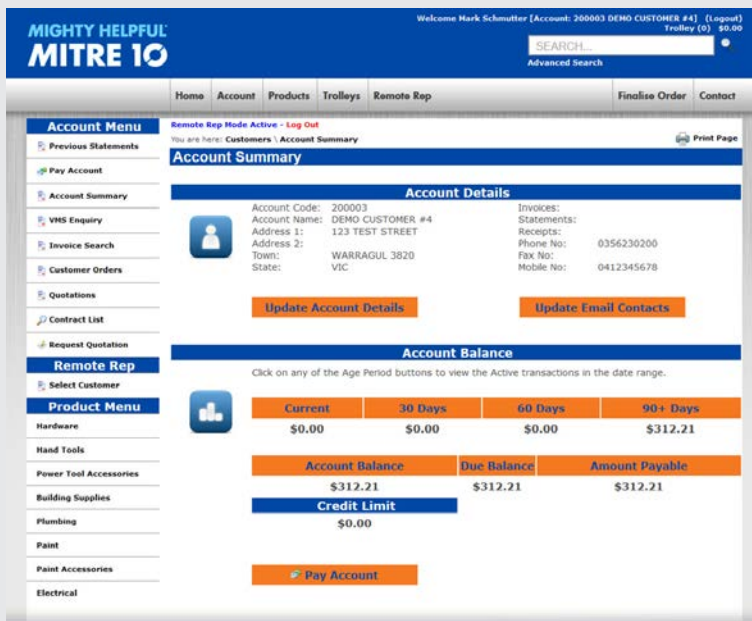

Trade Online Solutions

Another innovation from SYM-PAC to support Mitre 10 stores

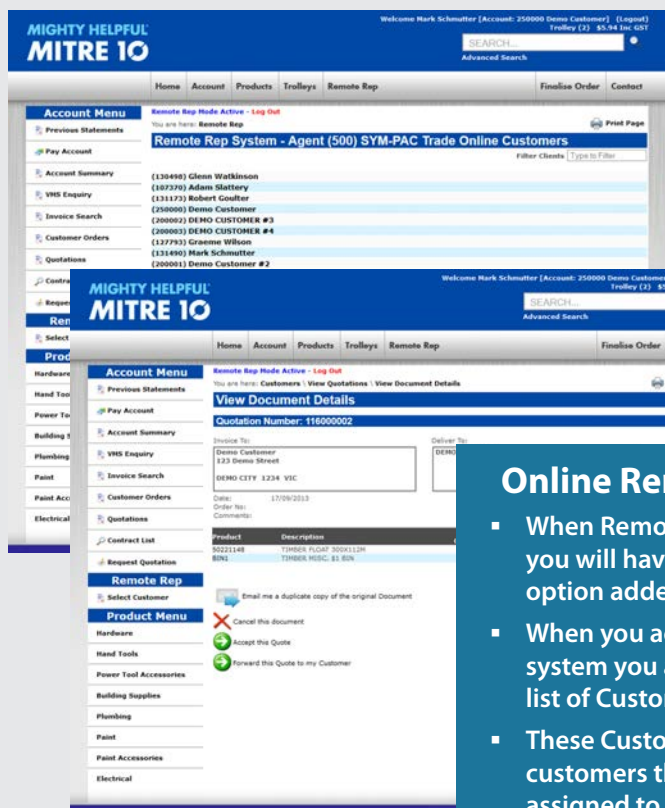

- SYM-PAC's Trade Online module allows stores to extend the power of their SYM-PAC system to practical online service for their large Trade Customers.

Features your Trade Customers will love

- Account Balance enquiry available via SYM-PAC Trade Online, with visibility of credit limit information available under security protocols in place.
- Account Transaction Enquiry available, with drill down to individual product lines.
- Account payments online available, via Securepay and Paypal.
- Trade customers can reprint Invoices and Statements, including visibility of signatures as proof of purchase.
- Download of Contract Price List available.
- Download of Forms such as Credit Application, Increased Credit Limit, and so, is available.
- Product Offers are available on the Login/Landing Page.
- The solution is mobile & tablet compatible.
- Trade customers can request a quote, and follow the process through to acceptance & fulfillment.

Integration

Online Remote Rep system

- When Remote Rep is enabled you will have a new Remote Rep option added to the menu.
- When you access the Remote Rep system you are presented with a list of Customer accounts.
- These Customer accounts are customers that have been assigned to your Agent code in SYM-PAC.
- Clicking on a Customer will initiate the Remote Rep system, & from that point forward you are "logged in" as that Customer.
- The Sitemap will be updated to show clearly that you are in Remote Rep Mode, and give you an option to Log Out.

Site Hosting & Data Centre coordination:

- As part of SYM-PAC's Trade Online solution delivery, SYM-PAC coordinates your site's hosting requirements for you.
- Sites are hosted at a third-party, offsite, corporate data centre — providing safety & redundancy for your data and connectivity to your website.
- Hosting is custom-assessed for each customer according to your size and needs.

Combine the power & configure to your specifications:

- The power of SYM-PAC's Trade Online solution is that your online product data comes from your SYM-PAC system in-store.
- One of the major benefits of SYM-PAC's Trade Online solution is that you are leveraging the existing functionality of product file maintenance, and flexible discount structures — already available in your in-house SYM-PAC system.
