

What is the Sympac Online SAP Interface?

+ *The Sympac Online SAP Interface lets your business provide your customers with increased efficiency in their purchasing process.*

**Capture more of your customer's spend :
easily, seamlessly,
naturally, automatically.**

- Customer uses their own SAP system.
- Customer selects their Procurement | Purchasing | Catalogue options within the SAP system.
- Within this module, the Customer selects to buy from you as the chosen supplier.
- Your Customer's contracts & discounts are automatically applied within your Sympac system and displayed to the E Catalogue online.
- The Customer ORDERS from you while remaining within their SAP system.
- When finalised, the order is automatically recorded within the Purchasing Requisition options in the Customer's SAP system.
- An electronic order can be emailed to your Procurement Officer in store.
- This ensures that all relevant customer discounts and contracts are applied seamlessly to the order.
- You automatically receive an email generated by the Sympac Online system with the CustomerPurchase Order details.
- You process this just as easily & simply as you would process any incoming purchase order.

Make it easy, smooth & seamless for the large account & trade customers to purchase from you:

- + Your largest account & trade customers who are using an SAP system internally can now order from you DIRECTLY via SAP.
- + A seamless interface between Sympac Online and the SAP system allows the customer to select to purchase from Sympac as the supplier – right from within their SAP system.
- + When the order is finalised and submitted, it seamlessly and automatically sends an email with the Purchase Order directly to your Sympac Online system.

Your customer retains all discounts and contract pricing available to them as part of their business relationship with you.

- + You are simply making it easier for them to choose you as a supplier – because Sympac has made it easy for you to be selected as part of the customer's internal purchasing process.
- + Improve your customer service to these critically important VIP customer by making it efficient for them to order through your business.

Allow your customers to place their purchase orders 24 / 7 – whatever it is *they* need to do to be successful in their business, you are there to support them as a vital supplier with a professional level of integration and service that builds your business and theirs every time.

This screenshot shows the Sympac website's product search interface. The header includes the 'Your Store' logo, a search bar, and navigation links like 'Home', 'Request Quotation', 'Products', 'Trolley', 'Promotions', 'Finalise Order', 'Log In', and 'Contact'. The main content area displays search results for 'SAFETY PRODUCTS' with filters applied. The results are presented in a grid format, showing product images, names, and prices. For example, 'EARPLUG - DISPOSABLE FOAM PINK/YELLOW (BOX 200)' is priced at \$57.30 Inc GST, and 'FIRST AID KIT - VEHICLE LOW RISK SOFT CASE' is priced at \$29.90 Inc GST. Each product listing includes an 'Add to Trolley' button and a 'More Details' link.

This screenshot shows the Sympac website's trolley view. The header is identical to the previous screenshot. The main content area displays the items added to the trolley. The items are listed in a table with columns for 'Item', 'Price', and 'Qty'. The items include 'EARPLUG - DISPOSABLE FOAM PINK/YELLOW (BOX 200)', 'ROTATING BEACON - MAGNETIC BASE C/W POWER ADAPTOR 12V 70W', and 'FIRST AID KIT - VEHICLE LOW RISK SOFT CASE'. Each item listing includes a product image, a 'Tough Stuff' logo, and a 'Price Breaks' section. The total price for the items in the trolley is \$2,610.30 Inc GST.

This screenshot shows the Sympac website's product search interface for 'FASTENERS'. The header and navigation are consistent with the previous screenshots. The main content area displays search results for 'FASTENERS' with filters applied. The results are presented in a grid format, showing product images, names, and prices. For example, '39MM ROUND GALVANISED U BOLT WITH NYLOCKS &' is priced at \$5.45 Inc GST, and 'HEX BOLT 1/2' is priced at \$2.20 Inc GST. Each product listing includes an 'Add to Trolley' button and a 'More Details' link.
