

+ More Features

- + Clear tills part way through the day — bank whenever you need to
- + Powerful Loyalty system integrated with Point of Sale
- + Powerful Product Search options — search by: Word, Supplier, Department, Manufacturers Code, EPG, APN, and so on.
- + User configurable Product Search, and configurable by terminal
- + Track cash taken from the till, with allocation to Expense Summary — for example, stationery, milk, and so on — with password option that can be optionally integrated into the petty cash in General Ledger
- + View statistics in the form of Graphs and Reports for quick analysis of store performance
- + New **Sales & Performance Calendar** feature — customise for your own priorities

- + Park invoices and dockets across the network for access from other terminals — for when customers want goods from multiple areas of the store
- + Customer / Special Orders and Rain Check facilities — allowing recall, re-cost, modify and part deliver — enabling back order facilities to keep track of outstanding deliveries.
- + Print invoices on special POS dockets, plain paper with your logo, or to a 40 column strip printer allowing versatility in presentation of your dockets — or email direct to customers.
- + Convert quotes to customer orders to invoices.
- + Full customer order to purchase order integration & tracking.
